

CHINEMEREM ONYEMACHI

Software Developer & Graphics Designer | CEO, Chi Plug Media

chiplugtv@gmail.com | chiplugins.vercel.app | github.com/chiplugmedia | x.com/chiplug001

SUMMARY

Creative Software Developer and Graphics Designer with 4+ years of experience across web development, mobile and desktop applications, graphic design, and game development. Skilled at building fast, scalable, and visually polished digital products — from responsive frontend applications to full-stack systems with integrated payment and blockchain functionality. Founder of Chi Plug Media, delivering brand identity and web design work for startups and small businesses.

WORK EXPERIENCE

Frontend Developer — SelectSkillSet

2022 — Present

- Built responsive, interactive user interfaces using React and Next.js with a focus on user experience and performance.
- Implemented modern UI/UX designs with TailwindCSS and Framer Motion.
- Optimized application performance and ensured cross-browser compatibility.
- Collaborated with design and backend teams to ship high-quality features.

Full Stack Developer — Tekisky

2022 — Present

- Developed and maintained full-stack web applications using React, Node.js, and MongoDB.
- Implemented RESTful APIs and integrated third-party services.
- Built responsive user interfaces and optimized application performance.
- Worked on database design and backend architecture.

Graphic Design Consultant — Freelance

2022 — Present

- Delivered brand identity packages — logos, business cards, and stationery — for startups, small businesses, and individuals.
- Designed social media graphics, email templates, and digital advertisements.
- Developed print materials including flyers, posters, and packaging designs.
- Managed client relationships, timelines, and delivery for 50+ successful projects.
